B. Withdrawal

Any petition for a Variance or a Special Permit which has been transmitted to the Board of Appeals may be withdrawn without prejudice by the petitioner prior to the publication of the notice of a public hearing thereon, but thereafter, may be withdrawn without prejudice only with the approval of the Board.

C. Modification

When a hearing has been adjourned and an application has been voted upon, there shall be no modification of a decision of the Board without a new public hearing.

D. Repetitive Petition

In order to have an appeal for a Variance or Special Permit which has been unfavorably acted upon by the Board reconsidered within two years of its denial, the applicant must receive the consent of both the Zoning Board of Appeals and the Planning Board, after due notice is given to the parties in interest of the times and places of the proceedings when the question of such consent will be considered. All but one voting member of each Board must consent to the Repetitive Petition. The Boards must agree that specific and material changes have occurred in the conditions upon which the previous unfavorable action was based. If the Boards agree, a new public hearing for the Variance or Special Permit may be held by the Zoning Board of Appeals on the same date as the proceedings for the aforementioned Repetitive Petition, provided that due notice has been given to the parties in interest of the time and place of such proceedings as part of the legal advertisement notifying them of the request for a Repetitive Petition. (amended 6/26/07)

E. Two Year Limitation on Approval

If a petition is approved by the Board, all permits necessary for the prosecution of the work shall be obtained and construction shall be commenced within two years from the date of the filing of the Board's decision with the Town Clerk, unless otherwise provided by the Board in the specific

decision. A reasonable extension of said time may be granted by the Board in the case of an appeal to the Superior Court or Land Court under M.G.L. c.40A s. 17 or for other good cause shown.

SECTION VI, SPECIAL ESCROW ACCOUNTS

A. Special Escrow Accounts for Application Review Costs (See Page 28 for Appendix III)

The Zoning Board of Appeals is empowered to assess and collect certain fees associated with the reasonable costs of reviewing certain classes of permit applications which, by reason of scale, size, complexity and other factors, require the assistance of professional consultants such as an engineer, planning or traffic expert. Special Permits for commercial or mixed use developments and amendments thereto, for commercial developments in Neighborhood Business Districts and amendments thereto; and Comprehensive Permits as authorized by M.G.L. C. 40B, will automatically require the deposit of fees or charges shown on Table 5 as a condition of application to the Zoning Board of Appeals for said permits or approvals.

At the time of filing an application for any of the above mentioned Special Permits, amendments thereto or Comprehensive Permits the applicant shall submit the filing fee and deposit money with the Town Treasurer for the establishment of the Special Escrow Account. The amounts required for the fee and escrow account are listed in Table 5. An application will not be complete until the fee and escrow account have been established. Following the establishment of a Special Escrow Account and verification that all of the other submittal requirements have been met, the Board will schedule a public hearing pursuant to M.G.L. c 40A, Section 9.

The Planning Board, as the Technical Review Board for applications filed under Sections VIII.C.2. of the Protective Bylaw is empowered to retain such consultants as it deems necessary to complete its review responsibilities for the Zoning Board. The cost of consulting services incurred by the Planning Board shall be borne by the Applicant and be paid from funds deposited in the Special Escrow Account.

Funds deposited in the Special Escrow Account will be expended only to pay the reasonable cost of professional consulting fees required to review permit applications listed in Appendix III. All such Special Escrow Accounts established under this Section shall be deposited in interest bearing accounts opened by the Town Treasurer.

If at any time prior to the closing of the public hearing required for such permits the balance in the Special Escrow Account falls below Five Hundred Dollars (\$500.00), the Applicant shall deposit additional funds to replenish the account back to the original or Planning Board modified level within ten (10) days of written notification by the Planning Board; failure to do so may result in an unfavorable recommendation on the proposed permit because the review will have been rendered incomplete.

If at any time the cost of reviews and inspections for a project exceeds twice the original escrow account deposit amount listed on Appendix III, no further expenditures will be made until the status of the project has been reviewed by the Planning Board and the applicant authorizes in writing additional expenditures for the project.

B. Special Escrow Account Purposes During Construction

The Zoning Board may require money to be deposited in the escrow account for the review and inspection of Special and Comprehensive Permit developments during construction. Money shall be deposited in the interest bearing Escrow Account established for each project, and shall be set according to the reasonable anticipated costs of reviews and inspections to verify that construction complies with the terms and conditions of applicable permits. The Applicant shall deposit in the Account the amount determined by the Planning Board or Building Commissioner, which shall not be greater than the amount required to establish the Account at the time a permit application is filed, prior to construction of projects covered by this Section. If at any time prior to completion of a project the Special Escrow Account balance falls below Five Hundred Dollars (\$500.00), the Applicant shall deposit additional funds to replenish the account to its original (construction phase) balance unless a lesser amount is authorized by the Planning Board or Building Commissioner. Failure to comply with this requirement within ten (10) business days may cause the Planning Board or Building Commissioner to request that Zoning Board hold a public hearing to consider rescinding its grant of a Special Permit or Comprehensive Permit.

When a project is deemed to be complete and all professional consulting costs incurred have been paid, the Applicant shall received a final report of funds in the Escrow Account and any funds remaining in the Escrow Account, including earned interest, shall be remitted to the Applicant.

C. Obligations of Subsequent Owners

If at any time prior to completion there is a conveyance or transfer of legal ownership of a site or sites for which a Special Permit or Comprehensive Permit has been granted, the new owner shall be responsible for meeting all applicable requirements of this Section by establishing a new Special Escrow Account or accepting the obligations of a pre-existing one. Any person or entity claiming to be the Applicant's successor in interest shall provide the Planning Board with sufficient documentation of the same.

D. Procedures for Selecting, Retaining and Deploying Consultants

The Zoning Board of Appeals shall meet jointly with the Planning Board at least annually to formulate a list of consultants mutually agreeable to each of the respective Boards. This list shall be comprised of professional consultants who, by reason of training, experience, qualifications and possession of relevant licensure, registration or certification, are deemed competent to perform the services necessary for the Planning Board, acting as the technical review board, to complete its technical review obligations under the Protective Bylaw during construction. The Planning Board shall choose consultants from this established list and such consultants shall be retained under a written not-to-exceed fee contract with the Town for a specific scope of services, such scope to be limited to those issues for which the Boards require specialized assistance. Upon completion of the work scope,

consultants shall deliver a written report to the Planning Board, Zoning Board of Appeals, Director of Community Development and the Applicant.

E. Appeal of Consultant Selection

Any applicant aggrieved by a consultant selection decision of the Planning Board or Building Commissioner may appeal the same to the Board of Selectmen within fourteen (14) days of notification of the decision. Applicants may appeal consultant selection on grounds that the consultant may have a conflict of interest; or does not possess suitable qualifications, which shall consist of either an education degree in or related to the field at issue or three or more years of practice in the field at issue or a closely related field. An applicant's appeal must be accompanied by a concurrent written extension of time for the Planning Board to complete its Technical Review. In the event that the Board of Selectmen fails to act on the appeal within thirty (30) days of the date on which it is filed, the Planning Board's or Building Commissioner's consultant selection shall stand. The Selectmen are encouraged to respond within the thirty (30) day period.

SECTION VII, SEPARABILITY

The invalidity of any section or provision of these Rules and Regulations shall not invalidate any other section or provision hereof.

In case of inconsistency or conflict between those general rules and these rules, these rules shall govern.

For the purpose of discussing project concepts, the Applicant is encouraged to meet with the Director of Community Development and/or designees and the Chairman of the Zoning Board of Appeals, or his/her designees, prior to the development of plans for submission of an application for a Comprehensive Permit, for the purpose of discussing project concepts.

The hearing is deemed terminated when all public testimony has been received and all information requested by the Board has been received.

5:03: The Board may dispose of the application in the following manner:

(a) Approve a Comprehensive Permit on the terms and conditions set forth in the application.
